# **1 Introduction**

Testing [einstein]

## **1.1 Background**

## **1.2 Aim of the thesis**

## **1.3 Related work**

# **2 Methods**

# **3 Results**

# **4 Conclusions**

## **Acknowledgements**

The Oxford English Dictionary defines ‘thesis’ as ‘a long essay or dissertation involving personal research, written by a candidate for a university degree.’, and I can’t think of more personal research than research in quantified self with personal data.
