Abstract

Här skriver jag in mitt abstract.

.

Contents

Notes & TODOs

.

1   Introduction

Testing.

1.1   Background

Add: Insert stuff from goal document

1.2   Aim of the thesis

Add: Insert stuff from goal document

1.3   Related work

Add: Insert stuff from Fucci et al.

2   Methods

3   Results

4   Conclusions

Acknowledgements

- My advisor

- The NeuroTechX crowd

- My brother Johan Bjäreholt, for working with me on ActivityWatch all these years.

The Oxford English Dictionary defines 'thesis' as 'a long essay or dissertation involving personal research, written by a candidate for a university degree.', and I can't think of more personal research than research in quantified self with personal data.
